PROJECTS

Career Path Explorer

Career Path Explorer is a lightweight and interactive career guidance website designed to help students discover and plan their future careers based on their personal interests. Instead of long text forms or quizzes, the user interacts with a visually engaging interface that presents interest-based buttons (like "I love Design" or "I enjoy Coding").
Technologies Used : HTML , CSS

SkillMint

The name "SkillMint" unites the essence of expertise with the promise of transformation.We empower learners not just to grow but to shine with confidence, clarity, and credibility in every step of their journey.SkillMint is a dynamic learning and career-building platform created for learners, mentors, and recruiters. Our goal is to bridge the gap between passion and profession
Technologies Used : HTML , CSS , JAVASCRIPT

CODING PROFILES

- LeetCode: link
- CodeChef: link
- GeeksForGeeks: link
- HackerRank: link
